

ANALOG WAY LIVECORE™

Module: PROC_COM

AMX NETLINX

Date: **April 06, 2016**
Driver version: **V3.00**
Compatible with: **LiveCore™ Firmware v04.00.x or above**

INTRODUCTION

This module is the core communication module for controlling LiveCore™ series processors and must be implemented only once in the main program.

IMPLEMENTATION

To interface this module in an AMX program, the programmer must perform the following tasks:

- Include the LiveCore_Proc_Com module in the main program and adjust specific module parameters (see example program available with this package).

COMMANDS

Command Control

Commands are case sensitive. Commands must be followed by \$0A.

Command	Description
IP_Connect	Initiate IP connection
IP_Disconnect	Stop IP connection

Example:

```
SEND_STRING LiveCore_Proc_COM, "IP_Connect", $0A
```
